*"Ultimately, the power to transform the world is effected by love, love originating from the relationship with the divine, love ablaze among members of a community, love extended without restriction to every human being... You are channels for this divine love; let it flow through you to all who cross your path."*

*The Guardian cherishes the hope that at the termination of your school this summer every one of the attendants will have derived such mental and spiritual benefits, and acquired such a fresh enthusiasm to serve as will enable him, upon his return to his local community, to labour with a determination and vigour that will excite the envy and admiration of his fellow-believers, and stimulate them to greater heights of consecration to the service of our beloved Cause.*
